## FINDING HOPE AGAIN: AMANDA'S JOURNEY

When Amanda arrived at Our Mother's House in September, she came with her infant son and very little else — no job, no vehicle, no financial stability, and understandably, little hope for what the future could hold.

Today, just a few months later, Amanda's life looks completely different.

She is now working full-time, has obtained reliable transportation, and most importantly, her baby boy is healthy, thriving, and growing in a stable environment. Amanda has not only met the expectations of the program — she has exceeded them.

She now has a clear vision and plan for her future, and her determination is a powerful example of what is possible when support, structure, and resilience come together.

**Amanda's journey is exactly why Our Mother's House exists.**

### FROM THE DIRECTOR'S DESK

I would like to extend my heartfelt thanks to everyone who contributed to making this year's Wine Tasting such a success.

The continued support from our community — whether through donations, sponsorships, or essential items like diapers, toiletries, and household necessities — makes a meaningful difference in the lives of the families we serve every day.

It truly takes a community to support our mission, and we are so grateful for each and every person who helps make this work possible.
